Tapered and Filler Shims

Aircraft Precision tapered shims, solid, and laminated filler shims

Standards and Specials

- Sizes range from .008" - .500" thick in solid and laminated materials
- In-house chemical conversion and painting reduces lead time and costs
- Automated part marking for improved speed and accuracy
- CNC milling and machining capabilities for odd configuration parts
- Video CMM inspection for accurate and traceable inspection results
- Quick turnaround on Boeing, Northrop and other standard part numbers
